Proposed Organisation Chart in the next phase

Focus of PC in the next phase

Productivity Metric

- Formalize the industry productivity indicator (from certification) based on the big 6 contractors in PC.
- Track the indicator quarterly with the drive to improve the big 6 contractors.

Adoption of Tools

- Publicity and encourage adoption of the various tools and certification program to plant owners and contractors outside of the PC.
 - Training
 - Clinic
 - Field Verifications
 - Further collaboration with agencies - SimTech / Enterprise Singapore etc
- Finalize the certification framework, encourage adoption

Positioning for future

- Explore effective COE models
- Prepare for the establishment of COE
